

Heart Coin Purse

makemakeco.net

This heart coin purse is made from leather and is a super easy and fun sewing tutorial. This one is decorated with a pom pom chain, but you can use any element you like to decorate yours!

What you will need

Leather

15cm zip

Washi tape

Leather sewing needle

Cotton thread

Sewing machine zipper foot

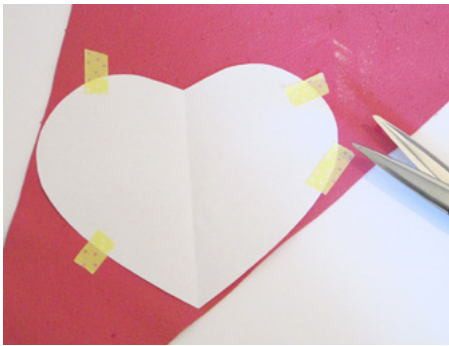

Seam Allowance

All seam allowance is 1cm around heart, .5cm for the zip.

Fabric Suggestion

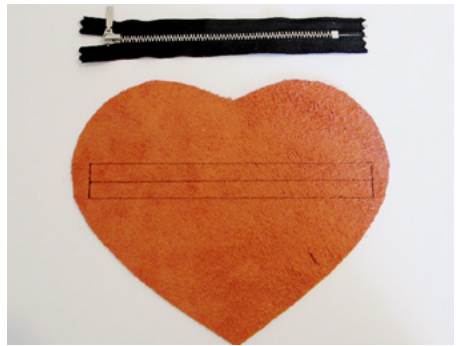

This tutorial is suitable for Leather or vinyl. **Dont forget to change your needle to a leather needle before you start sewing.**

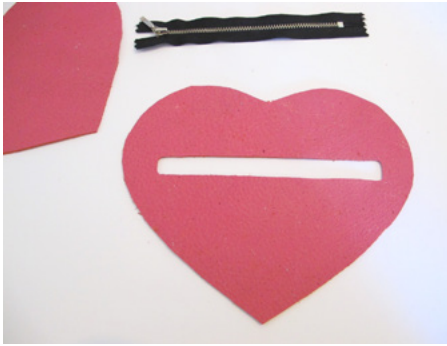

Step 1

Cut out your heart shapes using pieces of washi tape to secure the pattern to the leather.

Step 2

Take one heart piece and on the back mark in where you will be placing your zip. 15cm long, 2cm wide.

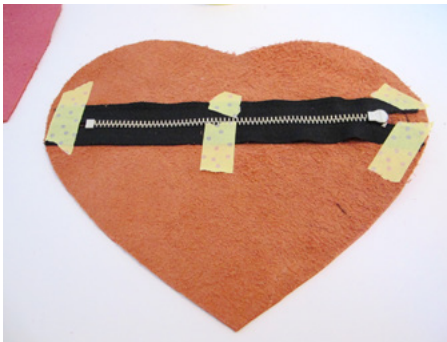

Step 3

Cut inside this section .5cm from the edge.

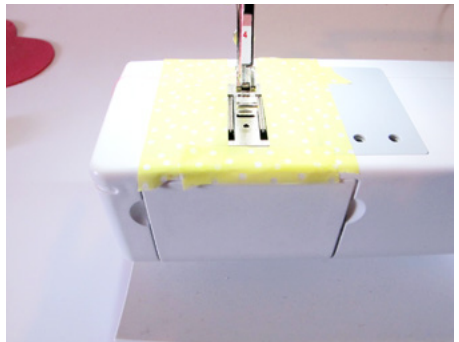

Step 4

Now you can place your zip in position.

Step 5

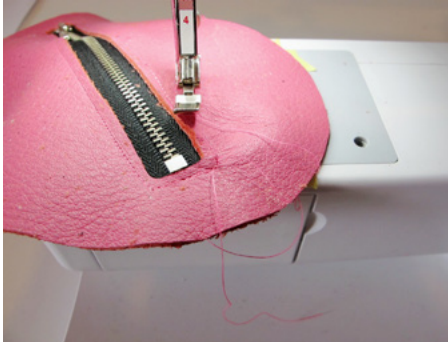

Flip your heart over and secure the zip in place using washi tape.

Step 6

Tip: cover your sewing machine plate and bottom of the foot with washi tape to allow the leather to glide when sewing.

Step 7

Using your zipper foot, sew around the zip with a .5cm seam allowance.

Step 8

Join you 2 heart pieces together and use your pegs to hold in pace while you sew. S/A is 1cm around the edge.

Step 7

Cut around your edges to get a nice even shape.

Step 8

Now you can use pom poms to make a decorative element. I have tied mine to the zip.

You're finished!

Now you can start accessorizing with your brand new Heart Coin Purse. Don't forget to share your creations with us at @makemakeco #heartcoinpurse.

Enjoy x
