A diagram consisting of a large rectangle with a curved line at the top. The top boundary is a downward-curving arc. The left boundary is a vertical line. The right boundary is a vertical line. The bottom boundary is a horizontal line. A dashed parallelogram is located in the bottom-left corner of the rectangle. Four labels are present: '2c' at the top center, '3b' on the left side, '3c' on the right side, and '4c' at the bottom center. Each label is accompanied by a small triangle pointing towards the boundary it labels.

A diagram showing a large rectangle with a smaller rectangle inside it. The top and bottom edges of the large rectangle are marked with triangles pointing inward, labeled '4c' and '6c' respectively. The left edge of the large rectangle is marked with a triangle pointing inward, labeled '5b'. The right edge of the large rectangle is marked with a triangle pointing inward, labeled '5c'. The inner rectangle is defined by dashed lines and has a similar shape to the outer one, with its top and bottom edges also marked with triangles pointing inward.
